Andy's Daily Affirmations

1

I am just as worthy, deserving and capable of achieving extraordinary levels of success and all of my goals as any other person on earth. From this moment on, I am 100% committed to becoming the person I need to be--through daily personal development and living with daily discipline--to easily attract, create and sustain the levels of success and significance that I truly want, and deserve, in my life.

2

I know that to do this, I must be willing to stay committed to my goals and doing what's "right" (as opposed to what's easy) at a level that I have never been committed to before. I commit to reviewing these affirmations at least once per day and then taking the actions necessary TODAY to take me where I want to go and make my goals a reality.

3

I will no longer settle for less than the levels of success and significance that I am truly capable of, and deserve. In fact, I have a responsibility to live my life to the fullest and achieve my goals in order to set an example for my children, my friends and everyone around me. To create the life I want, I can't wait for someday--or some year in the future. **NOW is my time!!!**

4

I fully realize that I can sustain no success unless it is founded in truth and integrity; therefore, I will always keep the well-being of others in mind and engage in no activity that is selfish or does not benefit all whom it affects. In doing so, I will inspire others to help me because of my willingness to help others. I will eliminate hatred, envy, jealousy, selfishness and cynicism, by developing love for all humanity, because I know that a negative attitude toward others can never bring me success. I will cause others to believe in me because I will believe in them and in myself!

5

I expand in abundance, success and love every day, as I inspire those around me to do the same because I am a...<insert affirmations of yourself>

I AM....

I will repeat these affirmations aloud once a day, with full faith that it will gradually influence my thoughts and actions so that I will become the self-reliant, successful person that I know I can be. Today and everyday, **I choose to create the best day of my life!**
